Around the Square

Those flying saucers are coming closer—maybe. According to reports, they've been sighted just about everywhere around the globe, but we haven't heard of a Sierra Madren having even a nodding acquaintance with one, until recently.

Forrest Besocke, 891 E. Grandview, was driving east on Foot-hill, taking Gene Barilotti of Monrovia home, when both of them saw a hovering light in the sky which they assumed was a slow moving plane—until it dropped suddenly earthward and out of sight. They kidded each other about having seen "one of those things," but next morning, when they read newspaper reports of flying saucers in the direction of Long Beach, the joke, they believe, was on them.

Dottie Underwood, advertising manager for the News, drove into Al Foxton's service station the other day to pick up some ad copy. While she sat in the car, Foxton demonstrated the kind of service he advertises by giving the car a thorough going-over—gas, water, oil, battery, tires and windshield.

Just as Dottie protested that all she wanted was gas, Foxton deftly removed her glasses, squirted them with windshield fluid, wiped them carefully, and placed them back on her nose. Left the poor gal speechless!

Roger Skutt, a young man who attends Eugene Field School (his dad is principal at City School), recently sent Dickie Dewey, son of Mr. and Mrs. Jim Dewey, Jr., a letter that reads like a financial report. It begins: "If you want to know how much people in Pasadena get for allowance, here is what I found out—"

It names five Pasadena children, and their resources, with five names of Sierra Madre children plus comparative figures. The former range from one dollar to a dollar fifty per week. The latter reach a low of zero to twenty-five cents, with top figures at one buck. He ends: "PS Pasadena kids get a lot of money, don't they?"

We thought a long time before printing this. Might be considered "dangerous news!"

With chlorophyll being put in to everything from tooth paste to chewing gum, it is rumored that a certain manufacturer is going to put out a product that will make people smell like people again. His slogan, it is said, will be: "Don't be safe at all!"

Have you heard the one about Bette Burr's washing machine that suddenly had an extra accessory? A neighborhood cat that has adopted Bette was snooping around while the machine was in operation when suddenly the air turned blue with howling. Got caught in the motor, with all four legs off the ground.

When Bette called for help in six different directions, half the staffs of Hartman's Drug and Scalzo's Pet Shop rushed to the scene with chloroform and advice. The chloroform was merely to "relax" the cat while they extricated it.

Injuries: One broken tail. Name of cat: "Snooper." Results: Less snooping.

John McAndrew Dies Here at Age of 84

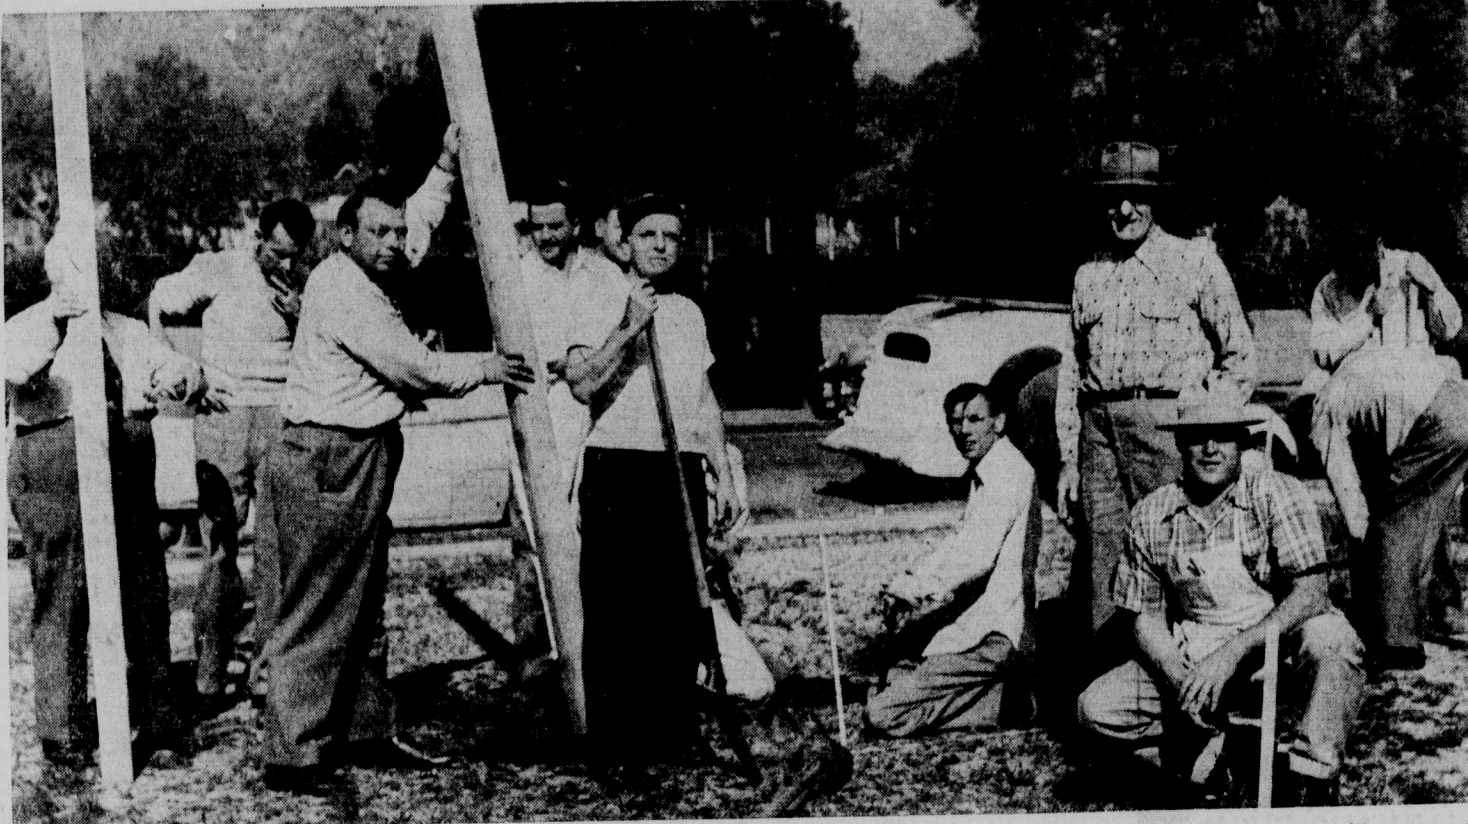

Funeral services will be held tomorrow in Bethany Church at 2 p.m. for John D. McAndrew who died Tuesday night at his home, 311 Auburn.

THEY'RE HERE!

The long anticipated benches for those who await the bus in the downtown Triangle have arrived!

Kiwanis representatives at meetings of the Coordinating Council have taken a bit of kidding about this matter for months because, having promised the benches, none appeared. Then last week it was announced that the benches had been delivered to Kiwanis, but only in pieces. They had yet to be assembled!

Who-dunnit? Who got the job done? Whoever the master mind—applause, applause! Ladies and gentlemen! Be seated!

SOME OF THE MEN WERE TOO BUSY TO POSE when this picture was taken. They were working to make the "proposed" community swimming pool a reality. The occasion last Saturday was the erecting of a large sign on the lot just east of the Woman's Clubhouse, to indicate the weekly donations to the Swimming Pool Fund. Anyone willing to take a pictorial chance can go through the customary left-to-right procedure if wishing to learn that the men are, approximately: "Pappy" Welch, Al Masters, Mayor Henry Korsemeier, Henry Vis, Jack Adams, Sam Simpson, Percy Kortkamp, Manuel de la Torre, Dan Wilson and Tom Polgreen. Those who had worked themselves out of the picture were Judge John Mead, Ted Bauerle, Vern Eppard, Frank Barbour, Emory Johnson, Dr. Ralph Martin, Dr. Daniel D'Arcy and Al Freeland.

Search For Wistaria Queen Rushed by Early Vine Buds

Sierra Madre's annual search for the Wistaria Festival Queen will start this Sunday at the Wistaria Vine Gardens.

This short notice announcement was made by Lorne Pratt following hurried emergency meetings with leading plant consultants who predict the vine will be in bloom by Feb. 19.

"Bloom time caught us short this year," Pratt explained. "Here we are faced in February with the amazing fact of thousands of buds ready to burst into bloom, therefore the very short notice on the annual queen contest."

The current spell of warm weather and those earth-soaking early December rains, coupled with last year's heavy rains, are credited with making this not only the earliest but probably the most profuse bloom period in the vine's colorful history.

Thus, many thousands of winter visitors to Southern California will be given an opportunity to see the 61-year-old "seventh wonder of the gardening world" in its fullest blooming glory before returning to the East.

Applicants for the queen contest will be accepted until Feb. 19.

To Draw Plans For Proposed New School

At a special School Board meeting last Tuesday evening, the architects firm of Marsh, Smith and Powell, Los Angeles, was commissioned to draw plans for the new school building proposed at Canon and Highland, pending the bond election in April.

Next Tuesday at the regular meeting of the School Board the amount and date of the bond issue will be decided. Members of the Educational Research Committee will attend the meeting.

Howard Morgridge, representing Marsh, Smith and Powell, will present an estimate of the square footage of the proposed new school building at the meeting.

The board meetings are always open to the public. Interested citizens are encouraged to attend.

CUBS AND DADS TO BREAKFAST FEB. 15

The Annual Cub Scouts and Fathers Breakfast will be held in the cafeteria of City School Sunday morning, Feb. 15, beginning at 7 o'clock. All Cubs and their fathers in Sierra Madre and general vicinity are invited to the affair which has become traditional here for many years.

The breakfast, which will last until 9 o'clock, will be served by the fathers and will include bacon and eggs, fruit, and homemade biscuits. Approximately 250 fathers and Cubs attended the breakfast last year, which also featured entertainment by Monrovia Elk Ben Left and a group of singers.

A similar program is expected this year. All proceeds go to the general expenses of the Cub Scout organizations.

ANNUAL NURSERY MEET

A colored film of Nursery School activities will highlight the annual meeting of the Sierra Madre Community Nursery School Association to be held next Tuesday, Feb. 17, at 8 p.m. at the Nursery School.

Indicator of Swim Pool Funds Erected

Erecting of the large sign to indicate donations to the Sierra Madre Swimming Pool Fund went according to schedule last Saturday afternoon, according to Sam Simpson who, along with VFW Commander Manuel de la Torre, has been organizing the project.

After a brief ceremony at 1:15 p.m., in which Mayor Henry F. Korsemeier held the first 4x4 stake to be driven, most of the 25 persons attending rolled up their shirt sleeves and went to work. The sign, except for paint, was completed by 5 o'clock.

Paint for the sign, which is expected to be black on white, will be mixed by Henry Vis, local painter, who also is supplying the brushes as well as labor.

First donation as the result of the sign was from Janice Johnson, 8-year-old daughter of Mr. and Mrs. W. E. Johnson, 380 Pothill boulevard, Sierra Madre, who asked Simpson during the construction period if she could contribute 50 cents. The money was accepted, with thanks, and added to the Swimming Pool Fund.

The lot east of the Woman's Clubhouse, on which the sign is erected, will be the main location where residents may leave their old newspapers, magazines and scrap metal.

Council Hears Plea to Make Zone Change

City Council worked through a long session last Tuesday night when approximately 45 persons attended the meeting which was prolonged when George Elkins, subdivider, asked for changes in the zoning of R-1-L at the Santa Anita tract, half of which lies within Sierra Madre north and east of Santa Anita avenue, known as "Double Drive."

The city's present ordinance calls for a minimum of 15,000 square feet for every home, but Elkins would like to see the minimum changed to 10,000 square feet.

Four members of Sierra Madre's Planning Commission were present to speak against the idea of changing the requirements. They were Mrs. May de Wright, L. W. Lisle, David S. Wood and Robert H. Ainsworth. The council seemed to agree with them, until Elkins argued on behalf of prospective home owners who might be glad to live in homes in this area even if they appeared to be more crowded than they would be under the 15,000 square foot requirement.

Each member present from the Planning Commission pointed out that the commission had heard such arguments before, but they felt the original intent of preserving a little more space for new homes would be appreciated by dwellers and was more in keeping with the character of Sierra Madre.

Council ended by referring the matter to the Planning Commission, to be considered at what may be a special meeting called before the next meeting of City Council.

Bassett-Washburn Property May Bow Out to Smog Effect

The Bassett and Washburn Nurseries, containing one of the largest palm nurseries in the world, may soon change hands after a long history of family ownership, to become, at least partially, an eventual subdivision, although Charles Lawrence Washburn, majority owner of the corporation, whose home is postmarked at the same address, points out that no promises or contracts have as yet been made.

The nursery, composed of 18 acres under lath, includes 15 acres of Kentia palms—a type of palm that has won popularity in hotels, churches and other dignified settings throughout the world.

Since 1946, Bassett and Washburn also have been propagating camellias and azaleas, more than 100,000 each, from special cuttings. However, the increase of smog in this area, Washburn says, has had a hampering effect on the growing of the Kentia palms.

If another nursery buys the property, as may be the case, its plan might include moving the palms, at least in part, to its own grounds, with the idea of eventually turning the vacated portion of the Bassett and Washburn property into a section for private dwellings.

The famous Kentia palm nursery has long been a landmark in Sierra Madre, its origin in 1920 referring back to the days when Washburn's father, Edgar Bassett Washburn, came to California in 1912. Edgar Washburn's father had left a lumber business in Wisconsin years before to become a rose grower in Hinsdale, Illinois, along with his father-in-law, Orlando P. Bassett. With this

Investigated Death Judged Accidental

The causes of death of Esther G. Vejar, 90 E. Montecito, last week have been pronounced accidental by the office of Dan H. Brown, Los Angeles County coroner.

Mrs. Vejar was taken to the Los Angeles County Hospital Friday, Jan. 30, where she was said to be suffering a broken arm and a brain clot. It later was announced by local authorities that her death the following Monday would be investigated.

Milton Clarke, deputy coroner representing the County Coroner's office, says that the coroner's report describes Mrs. Vejar's death as being due to a fall in which she fractured her left forearm and caused "cerebral contusion and concussion (traumatic)."

Dimes Drive Reports Big Results Here

Funds collected through the local March of Dimes Campaign last week were reported in a total of \$3491.26, according to Mrs. Gwenn Dewey, publicity chairman for the drive.

Of that amount, more than \$1700 was collected through the "Mothers' March" last Thursday evening. This year, a number of fathers joined the March, either because they were substituting for wives who were ill.

Mountain Lion Makes Escape from Fish

The mountain lion which The News reported last week has been making headlines in Southern California dailies by turning what some people thought fiction into fact.

Last Saturday a Sierra Madre policeman, Randal Fish, took a shot in its direction after it had been seen prowling the grounds of the Eugene Field School, but the animal escaped with dogs in pursuit.

Fred Lalone, Sierra Madre Post Office employee, well known as an animal trapper, has been setting an ambush for the lion at the home of Steve Casey, who lives in Sierra Madre Villa.

Net results, so far, are a plaster cast of one of its footprints, made by Robert Boggio, who lives near Eugene Field School. The big cat is said to measure 10 feet from nose to tail tip.

Scrap Drive To Aid Funds For Swim Pool

Feb. 14 will be more than Valentine's Day in Sierra Madre. That date marks the beginning of the Scrap and Paper Drive to increase the size of the Swimming Pool Fund.

During the period of the drive, the end of which so far has not been announced, all residents of Sierra Madre and vicinity are asked to bring newspapers, magazines, and scrap metal to the lot just east of the Woman's Clubhouse where a large sign has been erected to indicate the amount of contributions to the Swimming Pool Fund.

According to Judge John C. Mead, Sam Simpson and Dr. Daniel D'Arcy, members of the committee in charge, bids are being received for the paper and metal scraps received so that each week's collection may be converted into money to be deposited in the name of the Sierra Madre Swimming Pool Association.

C. E. Lusmans Open Paint Business Here

Mr. and Mrs. C. E. Lusman, who have been the new owners of the Sierra Madre Paint and Wallpaper store since Feb. 2, are formerly from Los Angeles where Mrs. Lusman represented the Sherwin Williams Company for three years.

Mr. Lusman, who has been a builder, is also a native of Iowa. Mrs. Lusman, who spent four years in the paint business in Iowa, is a native of California.

Wanting to go into a paint business of their own, Mrs. Lusman says they spent several months searching Southern California for what they considered a "happy location."

"Once we saw Sierra Madre, we knew this was where we wanted to live," Mrs. Lusman says.

LOCAL RED CROSS ELECTS OFFICERS

Officers for the coming year were elected Monday, Feb. 9, at the regular monthly meeting of the Sierra Madre Chapter of the American Red Cross. They are:

E. Waldo Ward, chairman; R. C. Lewis, vice-chairman; and C. W. Jones, treasurer.

It Isn't Toscanini's or Duke Ellington's -- But Everybody's!

The Sierra Madre Community Band, composed of musicians from Monrovia, Arcadia and Sierra Madre, met for its first practice session last Thursday evening at City Hall.

Twenty musicians were assembled under the baton of Director Marie Oliva in the initial step towards developing a recreational music program in Sierra Madre to which all neighboring communities are invited.

More new members will be welcomed tonight at 7:30 o'clock when the band assembles at City School for its second session, assisted by Mrs. Matilda Smith, music director at City School.

The first meeting was highlighted by the presence of band organization leaders, who were: Al Masters, business manager for the band; Charles Skutt, chairman of the band committee;

Charles James, city councilman on the recreation commission; Milt Goldberg, member of the recreation commission; "Pappy" Welch, chairman of the recreation commission; and Mrs. Stanley Coutant, publicity chairman for the band. Miss Oliva, along with the

others, were much encouraged by the turnout and its results, but she stresses the fact that the band is far from complete and can use more musicians in all sections. There are few restrictions as to the age of players.

Douglas Stuart, rector of Grace Episcopal Church in Los Angeles and dean of the Los Angeles Convocation, will be the speaker Feb. 19 at an open meeting of Angelus Guild of the Church of the Ascension. The meeting is scheduled for 8 p.m. in the Parish Hall, to be preceded by benediction at 7:45.

Rev. Stuart, who spoke in Sierra Madre several years ago and is remembered for his wit and entertaining subject treatment, will tell guild members and their guests of his trip to England last summer and his impressions of the Anglican church and church structures. He also will show color slides.

In place for the coming meeting will be the new parish hall draperies which represent one of the Guild's projects under the chairmanship of Mrs. Robert Bryant. Material for the hangings, a raw silk in natural color, was brought from Japan and made available to the Guild by Lt. Cdr. Walter White, a parishoner, whose wife was president of Angelus Guild last year.

Ralph Meeder, 1953 president, will preside at the meeting on the 19th. Refreshments will be served under the general chairmanship of Mrs. Dale Stevens.

Church Groups Fete Roods at Adieu Parties

Rev. Don B. Rood, who has resigned as pastor of Bethany Church and will conclude his ministry here this week, and Mrs. Rood are being honored by their congregation at various farewell events.

Following evening services in the church Sunday, the last which Rev. Rood will conduct, the governing boards of the church will be hosts at a farewell reception in honor of Rev. and Mrs. Rood and their son, Richard.

Members of the congregation and many friends of the Roods will have an opportunity then to wish them well in their new work at Bethel Baptist Church in Everett, Wash.

Prior to the Sunday evening service the Christian Endeavor group of the church will be hosts at a dinner at 4:30 p.m. honoring the Roods. Edward Schrotzberger has supervised arrangements.

Earlier this week the Marjorie, young couples of the church, honored the pastor and his wife at their meeting Tuesday.

The newly elected church deaconesses will act as hostesses that evening and will serve refreshments.

Recently the Sunday School teachers served dessert following a regular meeting and presented to the Roods a gift for their new home.

January 30 the Roods were guests of honor at a progressive dinner party attended by more than 20 of their friends and co-workers. Courses were served in the following homes: Mr. and Mrs. J. V. Maule, 67 W. Laurel; Mrs. Esther Mitchell, 53 S. Hermosa; Mrs. Martha Willis, 3680 Landfair; and Mr. and Mrs. F. D. R. Moore, 689 W. Sierra Madre boulevard.

Sunday Will Be 'Laymans Day' At 1st Baptist

In a reversal of their usual duties, men of First Baptist Church will conduct and take part in the regular church services Sunday morning and evening and the pastor, Rev. Roy Reed Gibbs, will provide the music.

This series of "Layman's Sundays" will continue one Sunday every three or four months throughout the year. Rev. Gibbs says, and is a move towards drawing all members into more active participation in the various functions of the church. At another time the services will be taken by church women.

Taking part this coming Sunday will be Rev. W. F. MacNeill, senior deacon and retired pastor, and also Deacons Jesse Rhodes, Lonnie Hall and James Branham.

P-TA To Honor Life Member Founders' Day

Tribute to those who have served the Sierra Madre P-TA over a number of years, will be paid at the February meeting of the organization. This will be in conjunction with a founders' Day luncheon in the City School cafeteria at 1:30 p.m. Feb. 19, according to Mrs. Ray Obazawa, vice-president and program chairman.

Membership will be presented to someone who has contributed a great deal to the education of children, but has as yet been unrecognized. Life membership indicates a contribution has been made to the National Scholarship Fund for the education of teachers, in the name of the recipient of the membership.

Presentation of a check for the P-TA's gift to the Sierra Madre swimming pool fund, to Ralph "Pappy" Welch, is scheduled for the meeting, according to Mrs. Tom Willis, co-president of the local P-TA.

Fashions are to be modeled by mothers and children, and music will be provided by upper grade students.

Invitations have been extended to retired teachers, who will be especially honored guests.

Hostesses for the luncheon are the third and fourth grade teachers and mothers. Play-ground supervision will be provided for those students who are dismissed at 2 p.m.

STILL DANGEROUS

Most dangerous of all driving regulation violations remains that of right of way theft.

SIERRA MADREANS WARNED ABOUT MENACE OF FLIES

Sierra Madreans will have to wage an intensive war against flies, starting as of now, unless they are willing to endure a fly menace this spring and summer that may be more severe than in any previous year in recent county history, according to Dr. Roy O. Gilbert, County Health Officer.

Part of this menace, threatening health as well as comfort, is due to the warm weather under which Southern California has been basking for several weeks; also the lessening effect of new "fly killers" which Dr. Gilbert says were once heralded as "miracle exterminators," but which he describes as "feeble."

Sierra Madre's City Administrator R. Merritt Baker joins Dr. Gilbert in warning that individual residents will have to take extra precautions against

neglected garbage pails or tin can containers. Owners of poultry ranches, dairy farms, and others in similar situations should make special effort to obey the ordinances governing them.

In regards to Sierra Madre's garbage problem, bids were opened last Tuesday, closing at 8 p.m., for the collection and disposal of all forms of rubbish and refuse, which includes garbage. According to Baker, ordinances here require that all trucks hauling refuse must be covered once they are filled.

Similar ordinances, Baker points out, apply to the individual household garbage containers that must have tight fitting covers to prevent leakage or the escape of odors that would attract flies.

Individual citizens, Baker says, can do much to lessen the fly menace.

Birthday Breakfast To Help "Dimes" Fund

Don's Market, 311 S. Rosemead, East Pasadena, is advertising a Birthday Breakfast to be served Feb. 14 from 8 to 10 a.m. on the market's parking lot. All tickets are 25c and all money collected will be given to the March of Dimes to fight polio.

The market is named after its owner, Don Hargens, who recently has been elected treasurer for the Faith Lutheran Church here.

Two Sierra Madreans Enter U. S. Air Force

John Lower, son of Mrs. Olea de Campo, 357 Sycamore place, left last week for Camp Parks, near Oakland, where he is entering the U. S. Air Force. He was accompanied by a friend, Larry Borneman, son of Mr. and Mrs. Clarence R. Borneman, 359 W. Sierra Madre boulevard, who also is entering the Air Force through the same "boot camp."

Robin Cunning Back From Aboard 'Essex'

Air Crewman Robin Cuning, son of Mr. and Mrs. F. Kramer, 645 Canyon Crest drive, arrived in San Diego last Friday, Feb. 6, aboard the USS Essex after being gone for nine months.

Cunning expects to spend most of his 30-day leave in Sierra Madre before reporting back for duty March 6. He entered the Navy in April of 1951.

The "Essex" has been operating off the coast of Korea.

KIWANIS HONOR BOY SCOUT WEEK

At the Kiwanis meeting last Tuesday Cub Scout Baird Caswell and Boy Scout Anthony Leonard opened the luncheon with a salute to the flag. Both boys, chosen because of merit in their scouting fields, attended the meeting as representatives of National Boy Scout Week.

Nathan T. Bartlett, executive associate of the Ford Foundation in Pasadena, was the guest speaker. Darwin Smith, field representative of Kiwanis International from Chicago, also was an honored guest.

After Knox Hager, president of Sierra Madre Kiwanis, spoke on the history of the American Boy Scouts, it was announced that next week's speaker will be Stuart McComb, superintendent of schools in Pasadena.

FREAK ACCIDENTS ACCOMPANY WIND

The windstorm last week had a variety of results in Sierra Madre. At one extreme Mrs. Louis Devron reported a fainting spell in her home Sunday at 533 Sturtevant drive after sections of a tall palm and eucalyptus fell upon the front porch of her neighbors and tenants, Mr. and Mrs. L. Greestan. The fact that the Greestan family, including 19-month-old Mary, were not killed was considered by Mrs. Devron as a miracle.

Mrs. Beatrice Thompson, 167 E. Highland, reported that her house was blasted by a night wind with such force as to spring open the doors, through which one of her Siamese cats, named "Otherwise," disappeared to parts unknown.

City School Students Attend Safety Show

Baird Caswell, son of Mr. and Mrs. Richard Caswell, 639 E. Orange Grove, and Steve Potter, 535 N. Auburn, represented City School at a safety demonstration at Eugene Field School recently.

The demonstration was made by the Los Angeles Police Department, in cooperation with the Pasadena Police Department, and stressed safety in bicycle riding.

The boys are presidents of the fifth grade classes. They were accompanied by Miss Betty Newton, vice-principal at City School.

MARGARET HOBSON IS REPORTER

Margaret Lee Hobson, daughter of Mr. and Mrs. H. D. Hobson, 279 E. Laurel, is a reporter on the "Stanford Daily," which is owned and controlled entirely by the students through their organization, the Associated Students of Stanford University.

Campfire Log

Han We Ma Campfire Girls were entertained by co-hostesses, Michael Pannetier and Kriste Engel at the Pannetier home, 232 W. Mariposa with a Valentine party Wednesday. The girls made Valentines for their mothers.

All friends and parents of Campfire are invited to attend the comedy play "Three's a Family," Wednesday, Feb. 18 at the Altadena Penthouse Theater. Coffee and cookies will be served at half time. Tickets are on sale at the Fashion Future, La Lone Cleaners and Simpson Cleaners. Campfire leaders use the money made from this play to purchase the girls Honor Beads and to apply on Camperships for their Summer Camping program at Camp Wasegagan.

The Busy Blue Birds made Valentine tray favors for the Civic Club to pass on to the men's sanitarium in Duarte which they sponsor.

February leader's meeting was held at the home of Mrs. Marcus Woodward, 99 Suffolk, Wednesday, Feb. 4. Plans for Campfire Girls Birthday Week were formulated.

Bible Class Elects Officers for 1953

Mrs. Mathilda Burgess and her sister, Mrs. Everett Shaw, 382 N. Auburn, were hostesses at a recent meeting of II Timothy 2:15 class of Bethany Church.

New officers elected include: Miss Lillian Champion, president; Ephraim Stranks, vice-president; Mrs. Burgess, secretary, and Elmer Thompson, treasurer.

The class teacher, Mrs. Helen Kratavil, was unable to attend, being confined to her home by illness.

Refreshments were served to the 30 members attending the annual meeting.

Pancake Breakfast On Shrove Tuesday Is Historical Event

Sierra Madre's John Ruskin chapter of the Daughters of the British Empire will be observing an old English custom next Tuesday, Feb. 17, when it serves its Annual Shrove Tuesday Pancake Breakfast from 9 a.m. until 2 p.m. at the Woman's Clubhouse.

The historical event was first observed here several years ago when Mrs. A. E. Pulling, 382 W. Montecito, invited 20 guests to her home for a pancake breakfast on Shrove Tuesday. Attendance increased each year until she was serving more than

100 guests, at which time the annual affair was transferred to the Woman's Clubhouse.

Serving pancakes on Shrove Tuesday dates back to the 11th and 12th centuries when Shrove Tuesday was a feast day to usher in the Lenten season, which begins with a fast day, Ash Wednesday.

In England, large schools such as Eaton, Harrow and Stowe, make a great ceremony of serving pancakes with a ritual that includes tossing the pancakes from the pan high into the air.

Those helping in the Shrove Tuesday observance at the Woman's Clubhouse next Tuesday will be: Mrs. Milo Murphy, Regent, Mrs. W. S. Proudfoot, Mrs. William Watt, Mrs. Dowling, Mrs. Percy Kortkamp, Mrs. Vern Eppard, Mrs. Ed Hume, Mrs. Joan Day, Mrs. Nellie Holway, Mrs. Marion Howard, Mrs. Guinet, Mrs. Alice Sedgman and Miss Jean Grantham. Reservations may be made by telephoning Custer 5-0377.

Invite Out of State Retired Teachers to Local Activities

Retired teachers from California and out of the state who are residents of Sierra Madre, newcomers or visitors here, have been extended an invitation to share in the welfare work and other activities of the Pasadena-Foothill division, California Retired Teachers Association, according to Mrs. Roland Adams, 217 W. Highland.

Mrs. Adams is chairman of the Sierra Madre group affiliated with the Pasadena-Foothill division and asks that any former teachers not previously contacted get in touch with her.

Of particular interest to present and prospective members will be a business meeting and program scheduled for 1:30 p.m. Feb. 17 in the Pasadena Public Library, 285 E. Walnut.

Miss Florene Ervine of Alhambra, division president, has announced that a program of songs and other entertainment will be presented by Miss Lulu Parmley and Mrs. Helen Stone. Past presidents also will be honored.

Alpha Phi Tea Set for Feb. 21

The Southern California Council of Alpha Phi Alumnae will sponsor its second annual Heart Tea Feb. 21 from 2 to 4 p.m. in the home of Mrs. Hammond Nash, 535 Bellefontaine, Pasadena.

Invitations have been sent to all alumnae in the area, including Sierra Madre.

The occasion for the tea will be the presentation to the Children's Hospital of proceeds from this year's Alpha Phiasta. Pasadena Area Alumnae also will present a check, all to be applied on the current Alpha Phi philanthropy, the cardiac examining room in the new wing of the hospital.

CAMP'S BOOK IN LIBRARY

Charles Camp, head of the Department of Paleontology at the University of California and a former resident of Sierra Madre, has written a book on California geology, "Earth Song: A Prologue to History," is a story of the earth's surface in this state and contains drawings, diagrams, maps and figures. There is a glossary and index.

DICKENS FELLOWSHIP MEET

The Dickens Fellowship will meet at the home of Miss Martha Pritchard, 121 E. Alegria, Thursday, Feb. 19, at 1:45 p.m. Miss Pritchard and Miss Lucie Ford will be co-hostesses. The readers will be Mrs. H. G. Heagerty and Mrs. J. Earl Gossard.

LIBRARY LENDINGS UP

The Sierra Madre Public Library reports that 4,089 books were loaned for home reading here in December, with about 31% from the children's department. This represents a gain of 195 lendings as compared to the previous December.

AUXILIARY PARTY

An exchange of Valentines will be a feature of tonight's meeting of the American Legion Auxiliary in the home of Mrs. Wayne Beisel, 10 Forest, Arcadia.

Field's Favorite Manuscript On View Tomorrow

The collection of Eugene Field manuscripts, personal possessions, heirlooms and household belongings which will be on exhibit tomorrow afternoon and evening in the home of his grandson, Eugene Field Englar, 405 Canon drive, might well be the envy of collectors and sheer pleasure to lovers of beautiful things.

Shown will be his wife's wedding veil of Chantilly lace and her wedding jewelry, Field family portraits, delicate old china as well as some original Canton ware, old pewter plates and spoons dated 1729 belonging to an ancestor of Field's, a Sarah Parsons, said to have been burned as a witch in Salem, Mass.

Among the manuscripts on view will be that of "The Holy Cross," a prose work designated by Field in his own handwriting as "my favorite manuscript." The original manuscript of "The Drum," bought by John McCormack, singer, during World War I also will be included.

Having a place in the exhibit will be a Heppelwhite table and mirror, circa 1769, from the poet's home. Other items will be a cancelled check of Charles Dickens, a Wedgewood tea service, and a ginger jar which belonged to Nathaniel Hawthorne and was presented to Field by Hawthorne's son, Julian.

Julian Hawthorne is said to have visited Sierra Madre a number of years ago and Field also was a visitor here at one time.

Eugene Field's eldest daughter, Mary French Field, mother of Mr. Englar, lived in Altadena for many years. Great grandchildren of the poet, Skiff Fields, now of Darien, Conn., were christened in Sierra Madre's Church of the Ascension.

Mental Stimulus

The Expert Committee on Drugs to Produce Addiction, in the World Health Organization of the United Nations, has established this definition: "Drug addiction is a state of periodic or chronic intoxication detrimental to the individual and to society, produced by the repeated consumption of the drug."

Its characteristics include: (1) an overpowering desire or need (compulsion) to continue taking the drug and to obtain it by any means; (2) a tendency to increase the dose; (3) a psychic (psychological) and sometimes a physical dependence on the effects of the drug. "The depressants include morphine and its derivatives, all the hypnotics and sedatives (barbiturates, Marijuana, and Alcohol). The drug most dangerous to the greatest number is alcohol partly because dire warnings have gone out about the others and partly because alcohol has been made most easily accessible."

—Harter WCTU

FIRE
FLAMES

It may be raining when this is printed, but right now it is a sunny and almost hot day. It ever reminds us that sun and heat brings on the dreaded dry season. There are many who do not realize the danger of allowing grass and weeds to grow right up to the incinerator ash bin. Many fires have crept away from the hot ashes of the incinerator to follow dry weeds to a more thickly planted area near buildings. Keep the weeds away while they are small and the effort will be less tedious and not half as tiresome.
DON'T SMOKE IN BED!

Because of the many automobiles that have taken to Sierra Madre streets of late, it is becoming more and more difficult to get through and the drivers of the fire trucks are forced at times to wait until three or four cars pass before the truck can leave in safety. It used to be in the early days that the narrow highways would barely permit two cars to pass without colliding, and now we're getting super duper highways where six or seven cars can collide at one time.

Recently, it was necessary for one of our fire fighters to employ a baby sitter while he attended the regular drill. He knew his wife would not be home when he returned, so he asked a couple of the boys to the house to stand by, until he came back from taking his baby sitter to her home. Fixing the guys up with ice cream, cake and lemonade, he hurried away with a report that he would return as soon as possible. Our two heroes tried very hard to be quiet in order to avoid awakening the children. Everything went along well until Duff and the Chief began to realize that the lemonade was extra fine. They drank freely. (It was free.) It was just about the time each began to tell his troubles when the wife's return interrupted. The look on her face plainly explained that she thought such intrusion was uncalled for and just as Duff and the Chief made a rush for the nearest window, they were stopped by the return of the instigator of the whole thing. Apologies were in order and everything was happy after.

Every so often a class of school children are brought to the station to see the fire trucks, etc. Word has gotten around about the wonderful slide that runs from the upstairs to the engine room. Never do the children fail to ask about it and seldom are they denied an opportunity to slide down the chute. It was just recently that a group were at the station and the usual sliding took place. One of the P-TA mothers accompanied the school teacher, envied the kids, so she had an idea. At the bottom of the chute was the Fire Chief who caught each child on arrival. When the unexpected heavier armful struck the fireman's chest—it was quite a laugh for the children to see legs and arms flying in all directions.

ARABIAN NIGHTS—Pretty Rose Zena Latta, talented young singer, will play leading role in spectacular and exotic stage production of "Arabian Nights Pageant" to be presented free each evening, with cast of over 100, during 1953 Riverside County Fair & National Date Festival at Indio, Calif., Feb. 18-23, inclusive.

Getting back to fire prevention, let's all go to work and get rid of much of the unwanted inflammable materials about the place. Even though it be cool with a little rain now and then, we can't forget that very soon we will have the fire season on us.

DON'T SMOKE IN BED! If we will just keep thinking about the dangers of fire, it is bound to have a good effect. Let's do it. Let's not do it.

Praise Friday Eve Shopping

Results of the bank and stores staying open last Friday night indicate that the new shopping time is popular with both customers and merchants alike. It appeared that all of downtown was busy.

Individual comments include those from Meyer Television where shoppers appeared with a Meyer TV ad clipped from the News to make purchases. Don Jackson and Rasmussen's reported similar experiences.

Oleta de Campo of Fashion Future reported that response was so great as to be "like Dollar Day."

J. C. McKibben, of the furniture store bearing his name, and Thompson's TV Towne expressed the hope that all merchants would realize how important the Friday night shopping period is.

Virginia Sayles described the Friday night shopping period as a great success in her store for women. "Looks like Friday night shopping is here to stay," she says.

Mrs. C. E. Lusman of Sierra Madre Paint and Wallpaper said that many new friends appeared to ask about services including interior decorating.

Olle Arnold, of Arnold's Hardware, and his entire staff were kept busy throughout the evening.

Ann Hurwit of Ralph's Shoe Store was enthusiastic, and Tom Schwartz of Sierra Madre Hardware said: "... very satisfactory indeed."

Rudolph Hartman of Hartman's Pharmacy said he was "pleased at the result of the Friday evening turnout."

Larry Garland of Garland's Dry Goods: "... repeating what I've always said, that Friday night opening is what the people want." Harold Roberts of Roberts Market: "... we're convinced that Friday night opening is what our customers want."

Sam Perloff of Royal Drugs and Sierra News Stand: "... huge success. Sold out of prime rib." Al Morgan of the Bank of Sierra Madre: "... Friday night opening is a boon to the banking business."

Senator Kuchel To Address Republicans

history behind him, Edgar Washburn became attracted to a type of palm which was being grown by a group of Catholic priests in California.

Setting up an experimental station for the palms in the Hollywood vicinity of what now is the corner of Hollywood and Vine, Washburn later continued his development of the tree by establishing the Bassett and Washburn Kentia Palm Nurseries in Sierra Madre.

Since those days, the nurseries have endured many dramatic periods. They have weathered the famous "freezes" of 1923, 1937, 1949 and 1950.

"We've burned as much as 20,000 gallons of kerosene distillate in one night," Washburn says. "But we've been using a smokeless system since the freeze of 1937."

Charles Lawrence Washburn has been actively engaged with the Kentia nurseries since 1935, his only absence from his work there occurring from 1942 until 1946, when he emerged from the Navy at the end of the war as a Lieutenant Commander.

He now makes his home there with his wife, Betty, his 12-year-old daughter, Laurie, who attends Polytechnic Elementary and Junior High School in Pasadena, and his 18-year-old son, Ned, who attends Fountain Valley School in Colorado Springs.

City Councilman Washburn is at present the city's water commissioner.

test are asked to be at the Wistaria grounds, 201 N. Carter, between 10 and 12 Sunday morning, Feb. 15. Five finalists for the title will be chosen at this time.

The 1953 Wistaria Queen will receive nation-wide publicity through newspaper, television, newsreel and radio appearances. She will also receive a gold loving cup as a souvenir of her reign.

Judges for the contest, which ends with the announcement of the Queen on Thursday, Feb. 26, are William Adrian, nationally known teenage cover girl scout; Pat Hogan, Hollywood talent specialist for Young and Rubicam, and Hank Hoag, leading photographer.

Contestants must be single, between the ages of 14 and 21, and live in Sierra Madre or its vicinity. Judging will be based on photogenic qualities, personality, and overall beauty.

Some of the past Wistaria Queens are Marvella Roberts, Jackie Thurston, Dianne Armstrong, Beverly Gould, Marylyn Paschall Speer, and Janet Marsh.

walk as to present a menace to their children, arose again when City Attorney Guy Cornyn gave a legal opinion based on previous findings.

The City of Sierra Madre, in Cornyn's opinion, can not consider the pool as a public nuisance and therefore can not force the owners of the pool to erect a wall or other safety measures that could prevent children from falling into the pool.

When asked by some of the audience what could be done, Cornyn said that if the pool was a private nuisance to those in that particular neighborhood then private civil action could be taken.

Also on the lengthy agenda was the reading of a letter signed by 41 Sierra Madreans who believe that the proposed site at City Park for a community swimming pool is not a good one.

Among other things, they objected on the grounds that a swimming pool at City Park would cause a serious traffic congestion and present a noisy sight to neighbors that also would give a bad impression to people entering Sierra Madre for the first time.

COMMISSION HEARS AIRPORT PETITION

The Los Angeles County Regional Planning Commission has taken under advisement the application of the San Gabriel Valley Airport Association to establish an airport within the northeast portion of Santa Fe Dam at Duarte.

Among those who are opposing the establishment of a landing strip there is Mort Brandler, director of administration, City of Hope, at Duarte. He believes the position of the airport would "be a nuisance to some 400 patients."

Roy Clayton, chairman of the Planning Commission, said a decision could be made this week, but that either side may appeal to the Board of Supervisors.

or "just because they wanted to help."

Mrs. Dewey reports that many residents in town who had no porch lights made use of table lamps, battery lamps, or—in one case, a kerosene lamp, to let the marchers know they were welcome to call for collections in the fight against polio.

One of the outstanding groups that assisted in the over-all campaign was a teenager club known as the "Hub Caps," a group of young men who offered their services in collecting money during intermission at the local theater when a March

of Dimes motion picture was shown. They were:

Alvin Jacobson, Gary Rhodus, Clark Marshall, Don Stocker, Tom Glenn, Rick Phillips, George Freeman, Myron Smith, Danny Peterson and Ernie Patterson.

Two other boys who organized a private campaign of their own were Peter Ragan and Frank Graham, who collected money in their neighborhood and delivered it to City Hall.

Of the two fathers in the "Mothers' March," Carl Johnson and Jim Smith were greeted at one household with the remark: "My, but you are husky mothers!"

They got the money anyway

—with the help of little Helen Obazawa, in whose territory they worked.

The March of Dimes locally

was sponsored by the Civic Club, with Mrs. Mary Storton acting as chairman of the campaign committee.
